

What Does Membership Mean to a Daughter of the Nile?

There are several benefits to becoming a member of our Organization. Our members are close friends. We have a great time together. We share a common passion for Shriners Hospitals for Children®. The life-blood of any organization is its membership.

How can we RECRUIT new members?

We can add new members by hosting an open house or membership tea by inviting eligible ladies to come to meet our members. Each guest shall be given a packet of information about the Daughters of the Nile, including information about our performing Units and our philanthropy. The membership committee should keep in touch with those who have been invited to join.

How can we RETAIN members?

We should make our Stated Sessions more appealing to our current members and the new ones. Don't wait for members to get involved. Ask them. Don't wait for someone to volunteer. Ask for their assistance to do a job. Communicating with members and asking if they need a ride is important to retention of members.

Each member of Daughters of the Nile must assist in the effort of promoting membership in our Order for our Temples to grow. Talk about what membership in Daughters of the Nile means to you to others. Have a pocket Proposal with you at all times, especially when you attend Shrine functions. You never know when a lady may become interested in joining our beautiful Order.

Today we have new membership tools that can be used in RECRUITING, RETAINING, and REINSTATING members. Contact YOUR Supreme Temple Membership Committee member for more TIPS.
